

IAMSA BUREAU OF SHIPPING LLC

TECHNICAL DEPARTMENT

TO: All surveyors, Marine Investigators, Authorities, Owners

SUBJECT: Marks of Security on Iamsa Bureau of Shipping Certificates

PURPOSE: To identify certificates issued by Iamsa

APPLICATION: Immediate

ATTACHMENT: Sample of Certificate

INTRODUCTION:

To minimize the possibility of falsification of documents, all permanent statutory and class certificates issued by Iamsa Bureau of Shipping LLC shall be issued on the special certificated and numerated paper issued by Head Office.

Interim Certificates will be issued by the attending surveyor and shall be printed in black print ink recording the number of the assigned hologram and identified by the assignment number.

The paper is a white bond 150 gr, printed in black printer ink, identified by the assignment and numbered by a correlative number issued by the Head Office.

Every certificate, including interim, will be sealed by a registered and numbered hologram and by the surveyor's stamp. Name of surveyor must be clearly recorder at the bottom of the certificate.

As soon the interim certificate is issued, the attending surveyor will send copies of the certificates to the head office duly received by the Master of the ship with the following notice: "This is in order to certify that I have received the original of the present copy on my hands – Master's signature & ship's seal"
